\* 2 or 3 weeks only

### 30 lessons per week

including:

**20 lessons** of structured English language tuition and practice in Intensive Course G-1.20\*

**10 lessons** in English for the Oil and Gas Industry

### This course is designed for:

- Oil and Gas Engineers
- Oil rig workers
- Pipeline Engineers
- Refinery Workers

### The 10 specialised lessons cover the essential language used in areas such as:

- Operational structures, onshore and offshore
- Exploration, drilling and production operations
- Pipelines and transportation
- Refining and petroleum products
- Health and safety
- Environmental impact
- Innovation and technology

### Additional study:

Homework (written assignments, preparation and revision) is an integral part of the course. We also recommend that some time should be devoted to additional study in the Multi-Media Learning Centre. An extensive selection of computer programs, listening materials, CD Roms, films and reference material is available for private use, including free access to the Internet. Wireless Internet Access is also available on campus.

\* Course participants may elect to take their 20 lessons of general English language tuition in the Executive Centre (Course S-8.30E) with an average of 2 students (maximum 4) at extra cost. Full details are in the 2018 Prospectus on page 25.
