

# Supported 2-week work experience placement for newly qualified English Teachers

Have you recently completed your CELTA or Trinity Cert TESOL?

- Get some hands on experience while you look for your first ELT position
- Work in the mainstream state sector
- Work with young people in Secondary / Primary

Why not consider the 2-week CAVE programme offered by Languages Training and Development?

This very popular programme, now in its fifth year, is supported by the EU's Erasmus Plus scheme. You will develop your teaching skills on placement with our Erasmus Plus partner, Szent Laszlo School in Hungary. You will also have the opportunity to shadow teachers who are working towards their Diploma.

All lessons will be planned with the help of the local Hungarian teacher of English and our accompanying staff. Your lessons will be observed to give you pointers for your further development.

All travel to Hungary and accommodation while there is provided via the Erasmus Plus scheme and you will receive a bursary for your teaching. The programme is open to all citizens of the EU plus several other countries participating in Erasmus. Dates for autumn 2018 are:

**6 – 21 October**

**3 – 18 November**

**1-16 December**
