

## ENVIRONMENTAL POLICY

---

Anglo-Continental recognises its responsibility to minimize the environmental impact and contribute to the preservation of the planet for future generations. This environmental policy outlines our commitment to sustainability and outlines the actions we will take to reduce our ecological footprint.

### COMMITMENT:

Anglo-Continental is committed to:

#### Resource

**Conservation:** We strive to minimize energy and water consumption throughout our operations by implementing efficient practices and utilising renewable energy sources where possible.

**Waste Reduction:** We reduce, reuse, and recycle materials to minimize waste generation. We will also promote responsible waste management practices among our students and staff.

**Transportation:** We encourage the use of sustainable transportation options among our students and staff, such as walking, cycling, or using public transportation to reduce greenhouse gas emissions.

**Procurement:** We prioritize the purchase of environmentally friendly products and services, considering factors such as recyclability, durability and environmental certifications.

#### Education and Awareness:

We educate our students and staff about the importance of environmental conservation and provide opportunities for them to participate in eco-friendly initiatives.

#### Continuous Improvement:

We regularly review and update our environmental policy and practices to incorporate new technologies and best practices in sustainability.

### RESPONSIBILITIES:

**Management:** The management team is responsible for implementing and overseeing the environmental policy, ensuring compliance with relevant regulations, and providing necessary resources and support.

**Staff:** All staff members are responsible for adhering to the environmental policy, participating in eco-friendly practices, and identifying opportunities for improvement.

**Students:** Students are encouraged to support the environmental policy, participate in sustainability initiatives, and adopt eco-friendly behaviours both inside and outside the school. We will actively promote sustainable transportation options for students, such as walking, cycling, or using public transport.

**Homestay Families:** Homestay families are expected to prioritize reducing waste by implementing recycling systems and minimizing single-use plastics along with operating energy-efficient appliances and practices to conserve resources and lower our carbon footprint.

## **MONITORING AND EVALUATION:**

We will regularly monitor our environmental performance, track key indicators such as energy and water consumption, waste generation, and carbon emissions, and evaluate our progress towards meeting our sustainability goals.

**Communication:** We communicate our environmental policy and initiatives to staff, students, parents, and the wider community through various channels, including our website, newsletters, and information sessions.

**Compliance:** We are committed to complying with all relevant environmental laws, regulations, and other requirements applicable to our operations.

Anglo-Continental is dedicated to fostering a culture of environmental responsibility and sustainability within our organization. By working together and implementing these initiatives we, too, can reduce our environmental impact and contribute to a healthier planet for future generations.
